The Sunflower. It has always been said, how truly we do not positively know, that the sunflower turns its face ever toward the sun; that it bows a genial welcome to the king of day when that monarch first lifts the curtain of night and peeps over the horizon upon an awakening world, and that it follows the imperial PARK AGNEW. visitor in his majestic march across the heavens and nods a good night to him as he passes ath his retinue of golden beams and savery shadows behind the western slopes. This may be an exaggeration of the sunflower's conduct, but we believe it is at least partially true, and that the Kansas flower does respond in some degree to the attractions of the great luminary. Anyhow, the thought of this handsome product of the prairies turning its frank, open face ever toward the light and responding to the ardent woolng of the sun with reciprocal affection is inspiring, isn't it? It is a symbol of the ideal soul-the soul that loves the light, that glows in the presence of things that are lovely, the receptive soul, the soul that is responsive to truth and beauty-in a word, the sunflower's soul .- Marion (Kan.) Record.

We hear a great deal about the luxury and extravagance of the age; but, when you think of it, a grest many of our most reckless fashions date from past centuries. In the fifteenth century, for instance, the feminine wardrobe was magnificent, with its gar ments weighed down with laces and embroideries in guipure, points coupes, Milanese and Venetian, not forgetting the gold embroideries worked with preus stones, etc.

For several centuries women wore white shoes in kid and ordinary leather as well as dainty chaussure in emoldered satin for dancing the payane and minnet in.

In the time of Louis XIV. the women wore most sumptuous lingerie and dessous made chiefly of what used to be called les dentelles d'ete, a kind of silk blond lace with a cord in it, which used to be mounted over colors for the petticonts and was also worn for the hanging sleeves which used to show the arms so prettily.—Paris Fash-

A Telepathic Clock.

Here is a strange yet absolutely true story, in which a clock plays a mysterious part; It was a small American timeplece which stood on a mantelpiece in a sitting room in a Liverpool builder's house. At 11:30 one morning the timepiece fell from the mantelpiece to the floor. When picked up it was found to be quite uninjured and still going, as if nothing unusual had happened. There seemed to be absolutely no reason why it should have fallen, but an hour later when the builder came home to his midday meal he remarked that at 11:30 he fell from the top of a building, but happily without sustaining any injury. His wife then described how the clock had fallen at the same time, and the couple ponder in vain over the curious and utterly inexplicable coincidence. - Liverpoo

Gilbert of Colchester.

Gilbert of Colchester, who flourished three centuries ago, has been called the founder of the science of electricity, Gilbert discovered the augmentation toes, the kind we have been of the power of a loadstone by arming or capping it with soft iron cheeks, the screening effect of a sheet of iron, the method of magnetizing iron by hammering it while it lies north and south, the destruction of magnetism by heat and the existence around the magnet of a magnetic field. Generalizing from small to large, he advanced the entirely novel idea that the globe of the earth

Are You Engaged?

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided by keeping their digestion in good condition with Electric Bitters. S. A. Brown, of Benettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, emplicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." E. S. Leadbeater & Sous, druggists, sells and guarantees them at 50c a bottle.

Proper Treatment of Pneumonia. Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper reme-dies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneu monia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia." and have always gotten the best results." Sold by Gibson & Timberman and W. F. Creighton & Co.

A Dinner Invitation.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of Indigestion. Kodol is a thorough digestant and a gurranteed cure for Indigestion, Dyspepsia, toss on the Stomach, Sour Risings, Bad Breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which has entirely cured me. The six bottles were worth \$1,000 to me." Sold by all druggists.

Nothing will cure Indigestion that dosen't digest the food and give the stomach a rest, It isn't accessary to starve yourself in order to rest your stomach—take Kodol Dyspepsia Cure. It will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by all druggists.
